## ADMISSION

Wilderness Treatment Center is an inpatient free-standing facility for males 14-24 years old. The program is approximately 60 days with the actual length of stay based on how the patient progresses through the treatment process. Patients may be admitted either by self, by their physicians, family, clergy, or other treatment programs and professionals.

Admissions are scheduled seven days a week. Contact the admissions coordinator at the business office Monday through Friday for 8:00 a.m. to 5:00 p.m. M.S.T. to make necessary arrangements.

## COST

- \$395 Per Day** – Wilderness Treatment Center – includes room, board, and all therapy.
- \$500 Clothing Allowance** (upon admission) – Clothing for Wilderness Expedition, fishing license, film, etc. All equipment such as backpacks, sleeping bags, etc. is provided. Any equipment damage due to abuse will be billed to patient's account.
- \$0 Family Week** – Our 4 ½ day family program is held once per month, utilizing the principles of the Al-Anon program and family system dynamics. Our family therapists are available Sunday through Thursday for phone conferences and will arrange a family week attendance with you.
- \$0 Aftercare** – Aftercare is the responsibility of the patient and family. The patient and his counselor will make arrangements for aftercare during the last phase of treatment.

## ACCREDITATION

Wilderness Treatment Center is a licensed, free-standing, in-patient treatment center that uses the steps of A.A. and N.A. The program is medically supervised and covered by some medical insurance plans.

Wilderness Treatment Center is licensed through the State of Montana Department of Public Health and Human Services, Addiction and Mental Health Disorders Division.
